NOTICE OF PROTECTION PROVIDED BY THE

NORTH DAKOTA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This notice provides a brief summary of the North Dakota Life and Health Insurance Guaranty Association ("the Association") and the protection it provides for policyholders. This safety net was created under North Dakota law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with North Dakota law, with funding from assessments paid by other insurance companies. (For purposes of this notice, the terms "insurance company" and "insurer" include health maintenance organizations (HMOs).)

The protections provided by the Association are based on contract obligations up to the following amounts:

1. Life Insurance
    a. $300,000 in death benefits
    b. $100,000 in cash surrender or withdrawal values
2. Health Insurance
    a. $500,000 for health benefit plans (see definition below)
    b. $300,000 in disability income insurance benefits
    c. $300,000 in long-term care insurance benefits
    d. $100,000 in other types of health insurance benefits
3. Annuities
    a. $250,000 in the present value of annuity benefits, including net cash surrender and net cash withdrawal values

The maximum amount of protection for each individual, regardless of type of coverage is $300,000; however, may be up to $500,000 with regard to health benefit plans.

"Health benefit plan" is defined in North Dakota Century Code Section 26.1-38.1-02(10) and generally includes hospital or medical expense policies, contracts or certificates, or HMO subscriber contracts that provide comprehensive forms of coverage for hospitalization or medical services, but excludes policies that provide coverages for limited benefits (such as dental-only or vision-only insurance), Medicare Supplement insurance, disability income insurance, and long-term care insurance (LTCI).

Benefits provided by a long-term care (LTC) rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the base life insurance policy or annuity contract to which it relates.

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. If coverage is available, it will be subject to substantial limitations. There are also various residency requirements and other limitations under North Dakota law. To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association's website at www.ndlifega.org or contact:

COMPLAINTS AND COMPANY FINANCIAL INFORMATION

A written complaint to allege a violation of any provision of the Life and Health Insurance Guaranty Association Act must be filed with the North Dakota Insurance Department, 600 East Boulevard Avenue, Dept. 401, Bismarck, North Dakota 58505; telephone (701) 328-2440. Financial information for an insurance company, if the information is not proprietary, is available at the same address and telephone number and on the Insurance Department website at www.nd.gov/ndins.

Insurance companies and agents are not allowed by North Dakota law to use the existence of the Association or its coverage to sell, solicit, or induce you to purchase any form of insurance or HMO coverage. When selecting an insurance company, you should not rely on Association coverage. If there is any inconsistency between this notice and North Dakota law, then North Dakota law will control.

The written notice must include information necessary for BCBSND to determine benefits.

The Subscriber further acknowledges and agrees this Benefit Plan was not entered into based upon representations by any person or entity other than BCBSND and that no person, entity, or organization other than BCBSND shall be held accountable or liable to the Subscriber for any of BCBSND's obligations to the Subscriber created under this Benefit Plan. This paragraph shall not create any additional obligations whatsoever on the part of BCBSND other than those obligations created under other provisions of this Benefit Plan.

SECTION 1
SCHEDULE OF BENEFITS

This section outlines the payment provisions for Covered Services described in Section 2, subject to the definitions, exclusions, conditions and limitations of this Benefit Plan.

1.1 COST SHARING AMOUNTS

Cost Sharing Amounts include Coinsurance, Copayment, Deductible, and Out-of-Pocket Maximum Amounts. A Member is responsible for the Cost Sharing Amounts. Please see Section **[**1.5**]**, Outline of Covered Services, for the specific Cost Sharing Amounts that apply to this Benefit Plan. All Members contribute to the Deductible and Out-of-Pocket Maximum Amounts. However, a Member's contribution cannot be more than the Individual Coverage amount. Health Care Providers may bill you directly or request payment of Coinsurance, Copayment and Deductible Amounts at the time services are provided.

If BCBSND pays amounts to the Health Care Provider that are the Member's responsibility, such as Deductibles, Copayments or Coinsurance Amounts, BCBSND may collect such amounts directly from the Member. The Member agrees that BCBSND has the right to collect such amounts from the Member.

	PPO Plan	**Basic Plan**
Under this Benefit Plan the Deductible Amounts are:		
[Individual Coverage	$_____ per Benefit Period	$_____ per Benefit Period
Parent and Child Coverage	$_____ per Benefit Period	$_____ per Benefit Period
Parent and Children Coverage	$_____ per Benefit Period	$_____ per Benefit Period
Two Person Coverage	$_____ per Benefit Period	$_____ per Benefit Period

Under this Benefit Plan the Out-of-Pocket Maximum Amounts are:

Parent and Children Coverage	$_____ per Benefit Period	$_____ per Benefit Period
Two Person Coverage	$_____ per Benefit Period	$_____ per Benefit Period
Family Coverage	$_____ per Benefit Period	$_____ per Benefit Period**]**

1.2 LIFETIME MAXIMUM

The Lifetime Maximum for this Benefit Plan is unlimited, except for specific Covered Services as listed in the Outline of Covered Services.

1.3 SELECTING A HEALTH CARE PROVIDER

The benefit payment available under this Benefit Plan differs depending on the Subscriber's choice of a Health Care Provider. This Benefit Plan recognizes the following categories of Health Care Providers based on the Health Care Provider's relationship with BCBSND.

Members should refer to the BCBSND website for a list of Health Care Providers or call Member Services at the telephone number on the back of the Identification Card for a provider directory. The website is

continuously updated and is the most up-to-date listing of Health Care Providers.

A. **PPO Plan**

PPO stands for "Preferred Provider Organization" and is a group of Health Care Providers referred to as Preferred Blue PPO BCBSND Health Care Providers. To receive a higher payment level, Covered Services must be received from a Preferred Blue PPO BCBSND Health Care Provider.

B. **Basic Plan**

If the Member chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization, the Member will receive the Basic Plan benefits for Covered Services.

C. **Participating Health Care Providers**

When Covered Services are received from a Participating Health Care Provider, the Participating Health Care Provider agrees to submit claims to BCBSND on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider according to the terms of this Benefit Plan and the participation agreement between the Health Care Provider and BCBSND.

When Covered Services are received from a Participating Health Care Provider, a provider discount provision is in effect. This means the Allowance paid by BCBSND will be considered by the Participating Health Care Provider as payment in full, except for Cost Sharing Amounts, Maximum Benefit Allowances or Lifetime Maximums.

Participating Health Care Providers have also agreed to perform authorization requirements on behalf of the Member.

To view the provider directory, visit www.BCBSND.com.

D. **Nonparticipating Health Care Providers**

If a Member receives Covered Services from a Nonparticipating Health Care Provider, the Member will be responsible for notifying BCBSND of the receipt of services by submitting a claim within 12 months after the date of the services. The written notice must include information necessary for BCBSND to determine benefits. Benefit payment will be made directly to the Subscriber for Covered Services received from a Nonparticipating Health Care Provider, except when Covered Services are received from a Nonparticipating ground Ambulance service Health Care Provider. In such cases benefit payment will be made directly to the ground Ambulance service Health Care Provider. If BCBSND needs copies of medical records to process the Member's claim, the Member is responsible for obtaining such records from the Nonparticipating Health Care Provider. In addition, the Member will be responsible for compliance with all required authorization provisions. See Section 3, Authorizations.

Covered Services affected by the provider discount provision when care would have been received from a Participating Health Care Provider, Including charges exceeding BCBSND's Allowance, will be considered noncovered services when received from a Nonparticipating Health Care Provider.

If a Member receives Covered Services from a Nonparticipating Health Care Provider outside the state of North Dakota, the Allowance for Covered Services will be an amount within a general range of payments made and judged to be reasonable by BCBSND.

The Member is responsible for any charges in excess of the Allowance for Covered Services.

In North Dakota BCBSND will not honor an assignment of benefit payments to any other person or Health Care Provider. An assignment of payment to an out-of-state Health Care Provider must be in writing, filed with each claim and approved by BCBSND.

E. **Nonparticipating Health Care Providers - Protections From Certain Excess Charges**

In certain situations, a Member will receive the higher level of benefits under this Benefit Plan even though the Member receives Covered Services from a Nonparticipating Health Care Provider. These situations include:

- Emergency Services.
- Covered Services including anesthesia, radiology, pathology, laboratory, neonatology, assistant surgeon, hospitalist or intensivist services from a Nonparticipating Health Care Provider in a Participating Health Care Provider setting.
- Air transportation.

Prior Authorization requirements do not apply to Emergency Services.

Reimbursement for Covered Services will be made directly to the Nonparticipating Health Care Provider. The Allowance paid by BCBSND will be considered by the Nonparticipating Health Care Provider as payment in full, except for Cost Sharing Amounts, Maximum Benefit Allowances or Lifetime Maximums.

A Member will be responsible for Cost Sharing Amounts at the higher level of benefits as if the Covered Services had been received from a Participating Health Care Provider.

F. **Nonpayable Health Care Providers**

If BCBSND designates a Health Care Provider as Nonpayable, no benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of the Nonpayable Health Care Provider. Notice of designation as a Nonpayable Health Care Provider will be provided to Members at least 30 days prior to the effective date of designation as a Nonpayable Health Care Provider. As of the date of termination, all charges incurred by a Member for services received from the Nonpayable Health Care Provider will be the Subscriber's responsibility.

G. **Inter-Plan Programs**

BCBSND has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs." These Inter-Plan Programs operate under rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever a Member accesses health care services outside of the geographic area BCBSND serves, the claims for these services may be processed through one of these Inter-Plan Programs. The Inter-Plan Programs are described generally below.

When a Member receives care outside the geographic area BCBSND serves, the Member obtains care from health care providers that have a contractual agreement ("participating health care providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, a Member may obtain care from health care providers in the Host Blue geographic area that do not have a contractual agreement ("nonparticipating health care providers") with the Host Blue. Below BCBSND explains how BCBSND pays both kinds of health care providers.

All claim types are eligible to be processed through Inter-Plan Programs, as described above, except for all dental care benefits and vision care benefits (except when paid as medical claims/benefits), and those prescription drug benefits that may be administered by a third party contracted by BCBSND to provide the specific service or services.

1. **BlueCard® Program**

Under the BlueCard Program, when a Member accesses health care services within the geographic area served by a Host Blue, BCBSND will remain responsible for doing what BCBSND agreed to in the contract. However, the Host Blue is responsible for handling all interactions with its participating health care providers.

When a Member receives Covered Services outside the geographic area BCBSND serves and the claim is processed through the BlueCard Program, the amount the Member pays for Covered Services is calculated on the **lower** of:

- The billed charges for the Member's Covered Services, or
- The negotiated price that the Host Blue makes available to BCBSND.

Often, this "negotiated price" will be a simple discount that reflects an actual price paid by the Host Blue. Sometimes it is an estimated price that considers special arrangements with a health care provider or with a specified group of health care providers that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after considering the same types of transactions as with an estimated price.

Estimated pricing and average pricing also consider adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price BCBSND uses for the Member's claim because they will not be applied after a claim is already paid.

2. **Value-Based Programs**

If a Member receives Covered Services under a Value-Based Program inside a Host Blue's service area, the Member will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to BCBSND through average pricing or fee schedule adjustments.

For the purpose of this provision, the following definitions apply:

a. Care Coordination: Organized, information-driven patient care activities intended to facilitate the appropriate responses to a Member's health care needs across the continuum of care.

b. Care Coordinator Fees: A fixed amount paid by a Blue Cross and/or Blue Shield Plan to health care providers periodically for Care Coordination under a Value-Based Program.

c. Provider Incentive: An additional amount of compensation paid to a health care provider by a Blue Cross and/or Blue Shield Plan, based on the health care provider's compliance with agreed-upon procedural and/or outcome measures for a particular group of covered persons.

d. Value-Based Program: An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local health care providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.

3. **Federal/State Taxes/Surcharges/Fees**

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured accounts. If applicable, BCBSND will include any such surcharge, tax or other fee as part of the claim charge passed on to the Member.

4. **Nonparticipating Health Care Providers Outside the BCBSND Service Area**

When Covered Services are provided outside of BCBSND's service area by nonparticipating health care providers, the amount the Member pays for such services will generally be based on either the Host Blue's nonparticipating health care provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be responsible for the difference between the amount that the nonparticipating health care provider bills and the payment BCBSND will make for the Covered Services as set forth in this paragraph. Payments for out-of-network Emergency Services, certain services provided by out-of-network providers at in-network facilities, and out-of-network air ambulance services will be governed by applicable federal and state law.

BCBSND may calculate the Allowed Charge for Covered Services from nonparticipating health care providers in several ways, Including:

a. pricing determined by the Host Blue;
b. pricing based upon a percentage of billed charges;
c. pricing based on: health care provider reimbursement for Covered Services;
d. pricing as agreed upon with health care providers; and
e. as required by federal law (Including the median contracted rate).

The Allowed Charge calculations for Covered Services do not represent a usual, customary and reasonable charge. For Covered Services provided outside of the BCBSND service area, the Allowed Charge for Covered Services from nonparticipating health care providers is commonly determined by the Host Blue. From time to time, BCBSND may change its process for determining the Allowed Charge for Covered Services rendered by nonparticipating health care providers but will provide notice to the Group and revise any information in the Benefit Plan or other Member communications that describes this process. BCBSND shall determine the interpretation and application of the Allowed Charge calculations for Covered Services in each and every situation.

In certain situations, BCBSND may use other payment methods, such as the payment BCBSND would make if the Covered Services had been obtained within the BCBSND service area, or a special negotiated payment to determine the amount BCBSND will pay for Covered Services provided by nonparticipating health care providers. In these situations, a Member may be liable for the difference between the amount that the nonparticipating health care provider bills and the payment BCBSND will make for the Covered Services as set forth in this paragraph.

For further information on Nonparticipating Health Care Providers within the BCBSND service area, see the Nonparticipating Health Care Providers - Protections From Certain Excess Charges Section under Selecting a Health Care Provider in Section 1 of the Benefit Plan.

5. **[Blue Cross Blue Shield Global® Core]**

If Members are outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands ("BlueCard service area"), they may be able to take advantage of **[**Blue Cross Blue Shield Global Core**]** when accessing Covered Services. **[**Blue Cross Blue Shield Global Core**]** is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although **[**Blue Cross Blue Shield Global Core**]** assists Members with accessing a network of inpatient, outpatient and professional health care providers, the network is not served by a Host Blue. As such, when Members receive care from health care providers outside the BlueCard service area, the Member will typically have to pay the health care providers and submit the claims themselves to obtain reimbursement for these services.

If a Member needs medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, the Member should call the **[**Blue Cross Blue Shield Global Core Service Center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.**]**

a. **Inpatient Services**

In most cases, if a Member contacts the **[**Blue Cross Blue Shield Global Core Service Center**]** for assistance, hospitals will not require the Member to pay for covered inpatient services, except for Cost Sharing Amounts. In such cases, the hospital will submit the Member's claims to the **[**Blue Cross Blue Shield Global Core Service Center**]** to initiate claims processing. However, if the Member paid in full at the time of service, the Member must submit a claim to obtain reimbursement for Covered Services.

b. **Outpatient Services**

Physicians, urgent care centers and other outpatient health care providers located outside the BlueCard service area will typically require a Member to pay in full at the time of service. The Member must submit a claim to obtain reimbursement for Covered Services.

c. **Submitting a [Blue Cross Blue Shield Global Core] Claim**

When a Member pays for Covered Services outside the BlueCard service area, the Member must submit a claim to obtain reimbursement. For institutional and professional claims, the Member should complete a **[**Blue Cross Blue Shield Global Core**]** International claim form and send the claim form with the health care provider's itemized bill(s) to the **[**Blue Cross Blue Shield Global Core Service Center**]** address on the form to initiate claims processing. The claim form is available from BCBSND, the **[**Blue Cross Blue Shield Global Core Service Center or online at www.bcbsglobalcore.com**]**. If a Member needs assistance with claim submissions, the Member should call the **[**Blue Cross Blue Shield Global Core Service Center**]**.

H. **Health Care Providers Outside the United States**

The benefits available under this Benefit Plan are also available to Members traveling or living outside of the United States. The Prior Authorization requirements will apply. See the **[**Blue Cross Blue Shield Global Core**]** section above for further information on services received outside the United States.

BCBSND will reimburse Prescription Medications or Drugs purchased outside the United States by Members who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Members are traveling and new drug therapy is initiated for acute conditions or where emergency replacement of drugs originally prescribed and purchased in the United States is necessary. The reimbursable supply of drugs in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

1.4 CONTINUITY OF CARE

If a Member is receiving an active course of treatment care from a Participating Health Care Provider who becomes a Nonparticipating Health Care Provider during the active course of treatment, BCBSND will authorize continuity of care at the Participating Health Care Provider level for the following conditions or situations:

A. Continuation for up to 90 days:
1. Active institutional or Inpatient care;
2. Active treatment (radiation, chemotherapy, surgery) for cancer;
3. Active treatment for severe or end stage kidney disease or dialysis;
4. Active treatment for mental health or substance use services;
5. A serious acute condition, serious complex condition or other life threatening condition;
6. Non-elective surgeries; or
7. Terminal illness.

B. Continuation through the first postpartum visit:
   1. A pregnancy beyond the first trimester; or
   2. A high risk pregnancy.

C. Continuation for up to 1 year:
   1. A transplant or on a waiting list to receive a transplant.

D. Continuation as long as the individual is a Member under this Benefit Plan:
   1. Receiving active treatment for Human Immunodeficiency Virus (HIV) or Symptomatic Acquired Immunodeficiency Syndrome (AIDS).

The Member or the Member's Authorized Representative must submit a written request for continuity of care to BCBSND within 180 days of the first day the Health Care Provider is deemed a Nonparticipating Health Care Provider.

Benefit payment will be made directly to the Subscriber for Covered Services received from the Nonparticipating Health Care Provider.

For further information, please contact Member Services at the telephone number and address on the back of the Identification Card.

1.5 OUTLINE OF COVERED SERVICES

You may also request information by contacting Member Services at the telephone number and address on the back of your Identification Card. Formulary Exception Process

Nonformulary medications are not covered by the Members Prescription Medications or Drug benefit. However, a Prescription Medication or Drug not on the formulary list may be covered in certain circumstances.

"Nonformulary" means those self-administered Prescription Medications or Drugs not listed on the formulary list.

To request coverage for a Prescription Medication or Drug not on the formulary list, the Member or the Members Health Care Provider will need to request Prior Authorization so that BCBSND can determine that a Prescription Medication or Drug not on the formulary list is Medically Appropriate and Necessary. The Member's Prescription Medication or Drugs not on the formulary list may be considered Medically Necessary if:

- Medication policy criteria are met, if applicable;
- The Member is not able to tolerate a covered Prescription Medication or Drug on the formulary list

- The Member’s Health Care Provider determines that the Prescription Medication or Drug on the formulary list is not therapeutically effective for treating the Member’s covered condition; or
- The Members Health Care Provider determines that a dosage required for effective treatment of the Members covered condition differs from the Prescription Medication or Drug on the Drug List dosage limitation.

The specific medication policy criteria to determine if a Prescription Medication or Drug not on the formulary list is Medically Appropriate and Necessary are available on our website. The Member or the Members Health Care Provider may request Prior Authorization by calling Member Services or by completing and submitting the form at www.BCBSND.com.

A Member may be responsible for payment of the Cost Sharing Amounts at the time the Prescription Medication or Drug is dispensed. A Participating Pharmacy agrees not to charge or collect any amount from the Member that exceeds the Cost Sharing Amounts. All claims must be submitted by the Participating Pharmacy. As an Authorized Representative, the Health Care Provider assumes responsibility to act on behalf of the Member in pursuing a Claim for Benefits or appeal of an adverse benefit determination from a Claim for Benefits. See Section 6, Claims for Benefits, Appeals and Grievances.

The designation of a Health Care Provider as an Authorized Representative is limited in scope and not an assignment of benefits, nor does it grant the Health Care Provider any of the Member's rights and privileges under the terms of this Benefit Plan.

3.1 PRIOR AUTHORIZATION PROCESS

This Benefit Plan requires Members to obtain Prior Authorization before benefits are available for specified services. For the most current list of services that require Prior Authorization, please refer to Prior Authorization at www.BCBSND.com. You may also request information by contacting Member Services at the telephone number and address on the back of your Identification Card. BCBSND reserves the right to change the list at any time to accommodate medical evidence, scientific advancement or policy changes.

To request Prior Authorization, the Member or the Member's representative, on the Member's behalf, must notify BCBSND of the Member's intent to receive services requiring Prior Authorization. The Member's Health Care Provider must provide the necessary information to establish the requested services are Medically Appropriate and Necessary.

A Member seeking Covered Services requiring Prior Authorization designates the Authorized Representative to act and receive notices and information related to a Claim for Benefits on behalf of the Member pursuing a Claim for Benefits or appeal of an adverse benefit determination from a Claim for Benefits. The Member agrees that all information and notifications related to the Claim for Benefits requiring Prior Authorization is to be directed solely to the Authorized Representative unless the Member specifically requests that any notices or information also be delivered to the Member.

Receipt of Prior Authorization does not guarantee payment of benefits. <u>All</u> services provided are subject to further review by BCBSND to ensure the services are Medically Appropriate and Necessary. Benefits will be denied if the Member is not eligible for coverage under this Benefit Plan on the date services are provided or if services received are not Medically Appropriate and Necessary as determined by BCBSND. Benefits for authorized services are subject to the definitions, conditions, limitations and exclusions of this Benefit Plan.

Prior Authorization is required prior to obtaining services. Certain rules may apply for claims processed through the BlueCard Program. Please call Member Services for more information.

If the Member's medical condition does not allow the Member to obtain Prior Authorization due to an emergency Admission, the Member or the Member's representative is requested to notify BCBSND of the Admission during the next BCBSND business day or as soon thereafter as reasonably possible to obtain authorization.

To inquire on the Prior Authorization process, please contact Member Services at the telephone number and address on the back of the Identification Card.

Notification Responsibility

If a Member seeks Covered Services from a Health Care Provider that participates with BCBSND, the Participating Health Care Provider assumes responsibility for all Prior Authorization requirements.

If a Member seeks Covered Services from a Health Care Provider that does not participate with BCBSND, compliance with Prior Authorization requirements may be the Member's responsibility.

BCBSND will issue a notice of approval or denial following review of the Prior Authorization request.

3.2 CONCURRENT REVIEW

Concurrent review is the ongoing review of the Medical Appropriateness and Necessity of the required Admissions outlined in Section **[**3.1**]** to an Institutional Health Care Provider. BCBSND will monitor the inpatient Admission to determine whether benefits will be available for continued inpatient care.

If BCBSND determines benefits are not available because the continued stay is not Medically Appropriate and Necessary, BCBSND will provide notice to the Member, the Member's attending Professional Health Care Provider or the Institutional Health Care Provider. No benefits will be available for services received after the date provided in BCBSND's notice of the termination of benefits.

3.3 DISCHARGE PLANNING

Discharge planning is the process of assessing the availability of benefits after a hospitalization. BCBSND supports discharge planning by providing information on benefits available for those services determined to be Medically Appropriate and Necessary for the Member's continued care and treatment.

This provision applies to Members affected by ERISA. See Section **[**5.10**]**.

This Benefit Plan shall provide benefits in accordance with the applicable requirements of a Qualified Medical Child Support Order (QMCSO) pursuant to the provisions of §609 of the Employee Retirement Income Security Act (ERISA) and §1908 of the Social Security Act and any other applicable laws.

The term "child" as used in this provision means any child of a Subscriber who is recognized under a medical child support order as having a right to enrollment under this Benefit Plan with respect to such Subscriber. In connection with any adoption, or placement for adoption, of the child, the term "child" means an individual who has not attained the age of 18 as of the date of such adoption or placement for adoption.

A. A Medical Child Support Order (MCSO) is any judgment, decree or order (including approval of a settlement agreement) issued by a court of competent jurisdiction that:

   1. Provides for child support with respect to a child of a Subscriber under a group health plan or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law) and relates to benefits under such plan; or

   2. Enforces a state law relating to medical child support described in §1908 of the Social Security Act with respect to a group health plan.

B. A Qualified Medical Child Support Order is a Medical Child Support Order that:

   1. Creates or recognizes the existence of a child's right to, or assigns to a child the right to, receive benefits for which a Subscriber or Member is eligible under the health plan; and

   2. Clearly specifies:

      a. the name and last known mailing address (if any) of the Subscriber and the name and mailing address of each child covered by the order;

      b. a reasonable description of the type of coverage to be provided by the plan to each such child, or the manner in which such type of coverage is to be determined;

      c. the period to which such order applies; and

      d. each plan to which such order applies.

      A MCSO qualifies as a QMCSO only if such order does not require the plan to provide any type or form of benefit, or any option, not otherwise provided under the plan, except to the extent necessary to meet the requirements of a law relating to medical child support described in §1908 of the Social Security Act.

C. The MCSO shall be submitted to the Plan Administrator for review. The Plan Administrator shall determine whether the MCSO qualifies as a QMCSO. The Plan Administrator shall promptly notify the Subscriber and each person specified in a MCSO as eligible to receive benefits under this Benefit Plan, (at the address included in the MCSO) of the receipt of the MCSO and the Plan Administrator's procedures for determining whether the MCSO is a QMCSO. Within 30 days or such other reasonable period after receipt of the MCSO, the Plan Administrator shall determine whether the MCSO is a QMCSO and notify the Subscriber and each child of such determination.

If the Plan Administrator determines that the MCSO qualifies as a QMCSO, the Plan Administrator shall immediately notify BCBSND of that determination and of the name and mailing address of all children who are to be covered under this Benefit Plan. BCBSND will forward all appropriate forms to each child for enrollment in this Benefit Plan. The forms must be completed by or on behalf of the child and returned to BCBSND.

A child under a QMCSO shall be considered a Member under this Benefit Plan for purposes of any provision of ERISA. A child under any MCSO shall be considered a Subscriber of this Benefit Plan for purposes of the reporting and disclosure requirements of Part I of ERISA. A child may designate a representative for receipt of copies of notices that are sent to the child with respect to a MCSO.

Any payment for benefits made by this Benefit Plan pursuant to a MCSO in reimbursement for expenses paid by a child or a child's custodial parent or legal guardian shall be made to the child or the child's custodial parent or legal guardian.

This provision applies to Members affected by ERISA. See Section **[**5.10**]**.

B. This Benefit Plan will make payment for benefits in accordance with any assignment of rights made by or on behalf of the Member.

a. The Plan Administrator cancels coverage. Conversion coverage will not be offered to a Subscriber, if on the date of conversion the Plan Administrator through which the Subscriber is eligible has terminated coverage with BCBSND and the Plan Administrator has enrolled with another insurance carrier.

b. The Plan Administrator no longer meets BCBSND's group coverage requirements. The Subscriber will be given the right to convert to a BCBSND nongroup benefit plan, subject to premiums and benefit plan provisions in effect, if application for such coverage is made within 10 days after the termination date of the previous benefit plan.

c. Ineligibility occurs because the Subscriber elects to discontinue employment, is terminated or is otherwise no longer covered under the group health plan. The Subscriber may elect continuation coverage through the Plan Administrator in accordance with state and federal law.

d. Ineligibility occurs because the Subscriber is no longer eligible to continue coverage under group membership as provided in Section **[**5.9 (A.)(1.)(c.)**]**. The Subscriber may elect conversion coverage on a nongroup basis, subject to premiums and benefit plan provisions for nongroup coverage then in effect, if the Subscriber applies for BCBSND nongroup coverage within 10 days after the termination date of the previous group health plan coverage.

2. Outside the BCBSND Service Area

If a Member moves to the service area of another Blue Cross Blue Shield Plan and BCBSND premiums are billed to the new address, membership must be transferred to the Blue Cross Blue Shield Plan serving that new address. The premium rate and benefits available through the Blue Cross Blue Shield Plan may vary significantly from those offered by BCBSND.

B. North Dakota Continuation and Conversion

This provision applies to Members not affected by COBRA. See Section **[**5.9 (C.)**]**.

1. If the Subscriber is a member of a group health plan, North Dakota law provides that the Subscriber and the Subscriber's Eligible Dependents, who were continuously covered under this Benefit Plan during a 3-month period immediately preceding termination of membership, may continue coverage under this Benefit Plan. The Subscriber or the Subscriber's Eligible Dependents must request continuation coverage in writing to the Plan Administrator within 10 days after the later of the date of termination or the day the Subscriber is given notice of the right to continuation coverage. Members must elect continuation coverage within 31 days of date of termination.

2. The Subscriber will be responsible for payment of premiums to the Plan Administrator. The initial premium payment must be made within 31 days after the date of termination.

3. Continuation coverage is not available for any person who is covered under Medicare.

4. Continuation coverage will terminate upon the occurrence of one of the following:

a. The date 39 weeks after the date of termination of the Member's coverage under this Benefit Plan.

b. Failure to pay premiums as required by the Plan Administrator.

c. The Plan Administrator terminates this Benefit Plan for all employees of the Group.

5. If an individual is totally disabled on the date coverage is discontinued or replaced, coverage for the totally disabled person will continue upon the individual's payment of premium until the earliest of the following:

a. The date 12 months after the date of discontinuation of the Group's coverage;

b. The date the individual is no longer totally disabled; or

c. The date a succeeding carrier provides replacement coverage to the individual without limitation as to the disabling condition.

6. If because of death, legal separation, divorce, annulment or age, a dependent is no longer eligible for coverage under this Benefit Plan, the dependent may apply to continue or convert coverage.

    a. If the dependent is enrolled through a group health plan and becomes ineligible for coverage due to the death of the Subscriber, continuation and conversion will be provided in accordance with Sections **[**5.9 (A.)(1.)(d.)**]** and **[**(B.)(1.)-(4.)**]**.

    b. If the dependent is enrolled through a group health plan and becomes ineligible for coverage due to an annulment of marriage, legal separation or divorce and a court order requires the Subscriber provide continuing coverage, the former spouse and dependent children may continue coverage under the Benefit Plan for a specified period of time, not to exceed 36 months. The former spouse must be covered under a separate benefit plan.

        If the court order does not require the Subscriber to provide continuation coverage for the former spouse and dependent children or upon expiration of the 36-month continuation period, the former spouse and dependent children have the right to convert to a nongroup benefit plan, subject to premiums and benefit plan provisions in effect. The conversion coverage must provide comparable benefits if an application and premium payment are made within 31 days of notice of termination of the prior coverage. A benefit plan providing reduced benefits at a lesser premium may be elected.

    c. If the dependent is enrolled through a group health plan and becomes ineligible because of age, the dependent has the right to convert to a nongroup benefit plan, subject to premium and benefit plan provisions in effect, if an application is submitted within 31 days of the date of ineligibility.

C. Federal Continuation (COBRA)

This provision applies under amendments to the Employee Retirement Income Security Act of 1974, 29 U.S.C. §1001, et seq. and the Public Health Service Act, 42 U.S.C. §300bb-1, et seq. These amendments are collectively referred to as "COBRA". COBRA provides for optional continuation coverage for certain Subscribers and/or Eligible Dependents under certain circumstances if the employer maintaining the group health plan normally employed 20 or more employees on a typical business day during the preceding calendar year. This provision is intended to comply with the law and any pertinent regulations and its interpretation is governed by them. This provision is not intended to provide any options or coverage beyond what is required by federal law. Subscribers should consult their Plan Administrator to find out if and how this provision applies to them and/or their Eligible Dependents.

A Subscriber covered by this Benefit Plan may have the right to choose continuation coverage if the Subscriber's group coverage is terminated because of a reduction in hours of employment or the termination of employment for reasons other than gross misconduct.

The spouse of the Subscriber covered by this Benefit Plan may have the right to choose continuation coverage if group coverage is terminated for any of the following reasons:

1. The death of the Subscriber;

2. A termination of the Subscriber's employment for reasons other than gross misconduct or a reduction in hours of employment;

3. Divorce or legal separation; or

4. The Subscriber becomes entitled to Medicare benefits.

A dependent child of the Subscriber covered by this Benefit Plan may have the right to continuation coverage if group coverage is terminated for any of the following reasons:

1. The death of the Subscriber;

2. The termination of the Subscriber's employment for reasons other than gross misconduct or reduction in a parent's hours of employment;

3. Parent's divorce or legal separation;

4. The Subscriber becomes entitled to Medicare; or

5. The dependent ceases to be an Eligible Dependent under this Benefit Plan.

A child who is born to a Subscriber or is placed for adoption with the Subscriber during the period of continuation coverage is eligible for COBRA coverage.

Continuation may apply in the event of a bankruptcy of the Group for certain retired Subscribers and their Eligible Dependents under certain conditions. If there is a bankruptcy of the Group, retired Subscribers and their Eligible Dependents should contact their Plan Administrator for more information.

The Subscriber or the Subscriber's Eligible Dependents have the responsibility to inform the Plan Administrator within 60 days of a divorce, legal separation or a child losing dependent status under this Benefit Plan. Where the Subscriber or an Eligible Dependent have been determined to be disabled under the Social Security Act, they must inform the Plan Administrator of such determination within 60 days after the date of the determination. The Subscriber or the Subscriber's Eligible Dependents are responsible for notifying the Plan Administrator within 30 days after the date of any final determination under the Social Security Act that the Subscriber or Eligible Dependent is no longer disabled.

When the Plan Administrator is notified that one of these events has occurred or has knowledge of the Subscriber's death, termination of employment, reduction in hours or Medicare entitlement, the Plan Administrator will notify the Subscriber or Eligible Dependents, as required by law of the right to choose continuation coverage. The Subscriber or Eligible Dependents has 60 days from the date coverage is lost, because of one of the events described above or 60 days from the date the Subscriber or Eligible Dependent is sent notice of his or her right to choose continuation coverage, whichever is later, to inform the Plan Administrator of the decision to continue coverage. If the Subscriber or Eligible Dependent does not choose continuation coverage, group coverage will terminate.

If the Subscriber chooses continuation coverage, the Plan Administrator is required to provide coverage identical to the coverage provided under the plan to similarly situated employees or family members. If group coverage is lost because of a termination of employment or reduction in hours, the Subscriber and Eligible Dependents may maintain continuation of coverage for 18 months. The law requires Eligible Dependents be given the opportunity to maintain continuation of coverage for 36 months in the event of the Subscriber's death, divorce, legal separation, or Medicare entitlement, or a child's loss of dependent status.

An 18-month extension of coverage is available to Eligible Dependents who elect continuation coverage if a second event occurs during the first 18 months of continuation coverage. The maximum amount of continuation coverage available when a second event occurs is 36 months. A second event includes loss of dependency status. A second event occurs only if it causes an Eligible Dependent to lose coverage under the Plan as if the first event had not occurred. Eligible Dependents must notify the Plan Administrator within 60 days after the second event occurs. If group coverage is lost because of a termination of employment or reduction in hours and the Subscriber becomes entitled to Medicare benefits less than 18 months before the termination or reduction in hours, Eligible Dependents may maintain continuation coverage for up to 36 months after the date of Medicare entitlement.

A Subscriber or Eligible Dependent determined to have been disabled for Social Security purposes at the time of termination of employment or reduction in hours or who becomes disabled at any time during the first 60 days of COBRA continuation coverage and who provides notice of such determination to the Plan Administrator, may be entitled to receive up to an additional 11 months of continuation coverage, for a total maximum of 29 months. The disability must last at least until the end of the 18-month period of continuation coverage. If the individual entitled to the disability extension has nondisabled family members who are entitled to continuation coverage, those nondisabled family members also may be entitled to extend the continuation coverage to 29 months.

There is a second 60-day election period for certain individuals who lose group health coverage and are eligible for federal trade adjustment assistance. The second election period applies only to those individuals who did not elect continuation coverage under the initial 60-day election period and who meet federal trade adjustment assistance eligibility guidelines. The second 60-day election period begins on the first day of the month in which the individual is determined to be eligible for trade adjustment assistance, but in no event may elections be made later than 6 months after the loss of group coverage. If elected, continuation coverage will be measured from the date of loss of group coverage.

Notwithstanding the availability of continuation coverage, the law also provides that continuation coverage may be terminated for any of the following reasons:

1. The Group no longer provides group coverage to any of its employees;

2. Failure to make the premium payment;

3. The person receiving continuation coverage becomes covered under another benefit plan providing the same or similar coverage (as an employee or otherwise) that does not contain any exclusion or limitation with respect to any preexisting condition of such person; (for plan years beginning on or after July 1, 1997, or later for certain plans maintained pursuant to one or more collective bargaining agreements, if the other benefit plan limits or excludes benefits for preexisting conditions but because of new rules applicable under the Health Insurance Portability and Accountability Act of 1996 those limits or exclusions would not apply to (or would be satisfied by) an individual receiving COBRA continuation coverage under this benefit plan, then this benefit plan can stop making the COBRA continuation coverage available to the individual); or

4. Entitlement to Medicare benefits.

Under the law a Subscriber may have to pay all or part of the premium for continuation coverage.

5.10 ERISA RIGHTS

As a Subscriber of this Benefit Plan enrolled through a group health plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all Subscribers shall be entitled to:

A. Receive Information About Your Plan and Benefits.

1. Examine without charge at the Plan Administrator's office and at other specified locations, such as work sites and union halls, all documents governing the Benefit Plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the Plan Administrator with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

2. Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Benefit Plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The Plan Administrator may make a reasonable charge for copies.

3. Receive a summary of the annual financial report of the Benefit Plan. The Plan Administrator is required by law to furnish each Subscriber with a copy of this summary annual report.

B. Continue Group Health Plan Coverage.

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the Benefit Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review your summary plan description and the document governing the Benefit Plan on the rules governing your COBRA continuation coverage rights.

C. Prudent Actions by Plan Fiduciaries.

In addition to creating rights for Subscribers, ERISA imposes duties upon the people who are responsible for the operation of the Benefit Plan. The people who operate the Benefit Plan, called "fiduciaries" of the Benefit Plan, have a duty to do so prudently and in the interest of the Members. No one, including the employer, union, or any other person, may fire or otherwise discriminate against the Subscriber in any way to prevent them from obtaining a benefit or exercising rights under ERISA.

D. Enforce Your Rights.

If a Claim for Benefits is denied or ignored, in whole or in part, the Subscriber has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps that can be taken to enforce the above rights. For instance, if a Subscriber requests a copy of plan documents or the latest annual report from the Benefit Plan and does not receive them within 30 days, the Subscriber may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and to pay the Subscriber up to $110 a day until the Subscriber receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If the Subscriber has a Claim for Benefits that is denied or ignored, in whole or in part, the Subscriber may file suit in a state or federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or medical child support order, you may file suit in federal court. If it should happen that Benefit Plan fiduciaries misuse the plan's money, or if the Subscriber is discriminated against for asserting their rights, the Subscriber may seek assistance from the U.S. Department of Labor, or the Subscriber may file suit in a federal court. The court will decide who should pay court costs and legal fees. If the Subscriber is successful, the court may order the person sued to pay these costs and fees. If the Subscriber loses, the court may order the Subscriber to pay these costs and fees, for example, if it finds the Subscriber's claim frivolous.

E. Assistance with Your Questions.

If the Subscriber has any questions about the Benefit Plan, the Subscriber should contact the Plan Administrator. If the Subscriber has any questions about this statement or about their rights under ERISA, or if the Subscriber needs assistance in obtaining documents from the Plan Administrator, the Subscriber should contact the nearest area office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. The Subscriber may also obtain certain publications about their rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

5.11 AMENDMENT OF BENEFIT PLAN

The liability of BCBSND shall be limited to the terms of this Benefit Plan. The terms of this Benefit Plan may be amended, in whole or in part, at any time by the President and Chief Executive Officer of BCBSND by issuance of an endorsement for each Subscriber and forwarded to the Plan Administrator. The Plan Administrator will furnish a summary description to each Member who is receiving benefits under the Benefit Plan in accordance with ERISA §104 and applicable regulations. BCBSND is not responsible for any other duties assigned to the Plan Administrator by ERISA.

5.12 CANCELLATION OF THIS OR PREVIOUS BENEFIT PLANS

If the Benefit Plan is terminated, modified or amended, coverage is automatically terminated, modified or amended for all enrolled Members of the group health plan. It is the Plan Administrator's responsibility to notify Members of the termination of coverage.

5.13 CANCELLATION OR RECISSION OF COVERAGE

A. The Subscriber may cancel this Benefit Plan at any time by giving written notice to the Group or Plan Administrator and/or BCBSND at least 31 days prior to the requested cancellation date. Premiums paid for coverage beyond the end of the month of termination will be refunded.

B. The Group or Plan Administrator and/or BCBSND has the right to cancel, decline to issue, or decline to renew coverage under this Benefit Plan, including retroactively, if any of the following occurs:

1. The Group or Plan Administrator and/or BCBSND may rescind coverage under this Benefit Plan when a Member or a Member's Authorized Representative makes a statement (including the omission of information) on the application or in relation to any of the terms of this Benefit Plan constituting fraud or an intentional misrepresentation of a material fact. A rescission is a cancellation or discontinuance of coverage, including any benefits paid, that has a retroactive effect of voiding this Benefit Plan or any benefits paid under the terms of this Benefit Plan. BCBSND will give 30 days advance notice of rescission of coverage under this Benefit Plan. If the Group or Plan Administrator and/or BCBSND rescinds the Subscriber’s coverage, coverage will be rescinded for the Subscriber and all Eligible Dependents.

2. The Group or Plan Administrator and/or BCBSND may cancel coverage under this Benefit Plan when a Member fails to timely pay required premiums toward the cost of coverage. If the Group or Plan Administrator and/or BCBSND cancels the Subscriber’s coverage, coverage will be cancelled for the Subscriber and all Eligible Dependents.

3. If a Member does not timely notify the Group or Plan Administrator and/or BCBSND of a change affecting the Member’s eligibility, the Group or Plan Administrator and/or BCBSND may cancel coverage back to the date of loss of eligibility.

C. The Member is responsible for any claims mistakenly paid by BCBSND during the Member’s ineligibility due to an act of fraud, intentional misrepresentation of a material fact, or nonpayment of required premium by the Member.

D. BCBSND may decide to discontinue offering this Benefit Plan, or all of its group health insurance products including this Benefit Plan, at any time. If this Benefit Plan is discontinued, BCBSND will provide the Subscriber with at least 90 days prior written notice of the decision to cancel coverage under this Benefit Plan and offer the Subscriber the option to purchase any other individual health insurance product currently being offered by BCBSND in the market. If all individual health insurance products are discontinued including this Benefit Plan, BCBSND will provide the Subscriber with at least 180 days prior written notice of the decision to cancel coverage.

E. This Benefit Plan supersedes all Benefit Plans previously issued by BCBSND.

5.14 NOTICE TO MOTHERS AND NEWBORNS

BCBSND generally may not, under state law (Section 26.1-36-09.8, N.D.C.C.), restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, state law generally does not prohibit the mother's or newborn's attending Health Care Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, BCBSND may not, under state law, require that a Health Care Provider obtain authorization from BCBSND for prescribing a length of stay not in excess of 48 hours (or 96 hours).

5.15 MEMBER - PROVIDER RELATIONSHIP

Benefits are available only for Medically Appropriate and Necessary services while under the care and treatment of a Health Care Provider. Nothing herein contained shall interfere with the professional relationship between the Member and his or her Health Care Provider.

If the Member remains in an institution after advice is received from the attending Physician that further hospitalization is unnecessary, the Subscriber shall be solely responsible to the institution for all charges incurred after he or she has been so advised. Further, BCBSND may at any time request the attending Physician to certify the necessity of further confinement. If the attending Physician does not certify that further confinement is necessary, the Member is not entitled to further benefits during the confinement.

Each Member is free to select a Health Care Provider and discharge such Health Care Provider. Health Care Providers are free to provide medical care according to his or her own judgment. Nothing contained in this Benefit Plan will interfere with the ordinary relationship that exists between a Health Care Provider and patient or obligate BCBSND in any circumstances to supply a Health Care Provider for any Member. The provision of medical care and/or the decision not to provide medical care may have a financial impact on the Health Care Provider. The Member should consult with his/her Health Care Provider regarding the nature and extent of such a financial impact, if any, as well as how it might affect medical care decisions.

A Member's medical care is between the Member and the Member's Health Care Provider, and this Benefit Plan only explains what is or is not covered, not what medical care the Member should seek.

Costs relating to any services subject to the authorization provisions that are not approved by BCBSND will not be covered. **The ultimate decision on the Member's medical care must be made by the Member and the Member's Health Care Provider. BCBSND only has the authority to determine the extent of benefits available for Covered Services under this Benefit Plan.**

The Member agrees to conform to the rules and regulations of the Hospital in which he or she is a patient, including those rules governing Admissions and types and scope of services furnished by said Hospital.

5.16 BCBSND'S RIGHT TO RECOVERY OF PAYMENT

All Members expressly consent and agree to reimburse BCBSND for benefits provided or paid for which a Member was not eligible under the terms of this Benefit Plan. Such reimbursement shall be due and payable immediately upon notification and demand by BCBSND. Further, at the option of BCBSND, benefits or the Allowance therefore may be diminished or reduced as an off set toward such reimbursement. Acceptance of membership fees, or providing or paying benefits by BCBSND, shall not constitute a waiver of their rights to enforce these provisions in the future.

5.17 CONFIDENTIALITY

All Protected Health Information (PHI) maintained by BCBSND under this Benefit Plan is confidential. Any PHI about a Member under this Benefit Plan obtained by BCBSND from that Member or from a Health Care Provider may not be disclosed to any person except:

A. Upon a written, dated, and signed authorization by the Member or prospective Member or by a person authorized to provide consent for a minor or an incapacitated person;

B. If PHI identifies the Health Care Provider, upon a written, dated, and signed approval by the Health Care Provider. However, BCBSND may disclose PHI to the Health Care Data Committee for the enhancement of price competition in the health care market. BCBSND may also disclose to a Health Care Provider, as part of a contract or agreement in which the Health Care Provider is a party, data or information that identifies a Health Care Provider as part of mutually agreed upon terms and conditions of the contract or agreement;

C. If the data or information does not identify either the Member or prospective Member or the Health Care Provider, the data or information may be disclosed upon request for use for statistical purposes or research;

D. Pursuant to statute or court order for the production or discovery of evidence; or

E. In the event of a claim or litigation between the Member or prospective Member and BCBSND in which the PHI is pertinent.

This section may not be construed to prevent disclosure necessary for BCBSND to conduct health care operations, Including utilization review or management consistent with state law, to facilitate payment of a claim, to analyze health plan claims or health care records data, to conduct disease management programs with Health Care Providers, or to reconcile or verify claims under a shared risk or capitation arrangement. This section does not apply to PHI disclosed by BCBSND as part of a research project approved by an institutional review board established under federal law. This section does not apply to PHI disclosed by BCBSND to the insurance commissioner for access to records of BCBSND for purposes of enforcement or other activities related to compliance with state or federal laws.

5.18 PRIVACY OF PROTECTED HEALTH INFORMATION

BCBSND will not disclose the Member's Protected Health Information (PHI) to the Group unless the Group certifies that the Benefit Plan has been amended to incorporate the privacy restrictions required under federal and state law, and agrees to abide by them.

BCBSND will disclose the Member's PHI to the Group to carry out administrative functions under the terms of the Benefit Plan, but only in accordance with applicable federal and state law. Any disclosure to and use by the Group of the Member's PHI will be subject to and consistent with this section. BCBSND will not disclose the Member's PHI to the Group unless such disclosures are included in a notice of privacy practices distributed to the Member. BCBSND will not disclose the Member's PHI to the Group for actions or decisions related to the Member's employment or in connection with any other benefits made available to the Member.

The following restricts the use and disclosure of the Member's PHI:

A. The Group will neither use nor further disclose the Member's PHI except as permitted by the Benefit Plan or required by law.

B. The Group will ensure that anyone who receives the Member's PHI agrees to the restrictions and conditions of the Benefit Plan with respect to the Member's PHI.

C. The Group will not use or disclose the Member's PHI for actions or decisions related to the Member's employment or in connection with any other benefit made available to the Member.

D. The Group will promptly report to BCBSND any use or disclosure of the Member's PHI that is inconsistent with the uses and disclosures allowed under this section upon learning of such inconsistent use or disclosure.

E. In accordance with federal law, BCBSND will make PHI available to the Member who is the subject of the information. Such information is subject to amendment and, upon proper notice, BCBSND will amend the Member's PHI where appropriate.

F. BCBSND will document disclosures it makes of the Member's PHI so BCBSND is able to provide an accounting of disclosures as required under applicable state and federal law.

G. BCBSND will make its internal practices, books, and records relating to its use and disclosure of the Member's PHI available to the U.S. Department of Health and Human Services as necessary to determine compliance with federal law.

H. The Group will, where feasible, return or destroy all Members PHI in whatever form or medium received from BCBSND, including all copies of and any data or compilations derived from and allowing identification of any Member when the Member's PHI is no longer needed for the plan administration functions for which the disclosure was made. If it is not feasible to return or destroy all Member PHI, the Group will limit the use or disclosure of any Member PHI to those purposes that make the return or destruction of the information infeasible.

5.19 NOTICE OF PRIVACY PRACTICES

BCBSND maintains a Notice of Privacy Practices. This Notice of Privacy Practices outlines BCBSND's uses and disclosures of PHI, sets forth BCBSND's legal duties with respect to PHI and describes a Member's rights with respect to PHI. Members can obtain a Notice of Privacy Practices by contacting Member Services at the telephone number and address on the back of the Identification Card or by visiting the BCBSND website.

5.20 SECURITY MEASURES FOR ELECTRONIC PROTECTED HEALTH INFORMATION

A. The Group will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of Members' electronic PHI that the Group creates, receives, maintains, or transmits on the Plan Administrator's behalf.

B. The Group will report to the Plan Administrator any attempted or successful (1) unauthorized access, use, disclosure, modification, or destruction of Members' electronic PHI or (2) interference with the Group's system operations in the Group's information systems, of which the Group becomes aware, except any such security incident that results in disclosure of Members' PHI not permitted by the Benefit Plan must be reported to the Plan Administrator as required by **[**5.18 (D)**]**.

C. The Group will support the adequate separation between the Group and the Plan Administrator, as specified in the Benefit Plan, with reasonable and appropriate security measures.

5.21 RETROSPECTIVE DISCOUNT PAYMENT DISCLOSURE

A Member may be required to pay Cost Sharing Amounts for each Prescription Medication or Drug provided under the terms of this Benefit Plan. A Member will pay these Cost Sharing Amounts directly to the Health Care Provider at the time the Prescription Medication or Drug is dispensed or administered.

In some cases, drug manufacturers may offer retrospective discount payments on certain specific Prescription Medications and Drugs dispensed or administered to Members under the terms of this Benefit Plan. Such retrospective discount payments from the manufacturer are not determined or paid by the manufacturer until at least one year following the date a Prescription Medication or Drug was provided to a Member under the terms of this Benefit Plan. A portion of these retrospective discount payments, if offered, is retained by an entity that performs pharmaceutical manufacturer discount program services through a contract with BCBSND on behalf of this Benefit Plan. Another portion of these retrospective discount payments, if offered, is paid to BCBSND.

Pharmaceutical manufacturer discount program services Include the following: processing and handling of pharmaceutical manufacturer retrospective discounts for applicable claims; billing and collecting appropriate retrospective discounts on those claims from manufacturers; distributing payments in accordance with the terms of manufacturer discount program service agreements; formulary development, use and communication; benefit design analysis and consultation; annual analysis of claims data and recommendations; monthly utilization reporting; formulary appeals; and clinical services including physician and disease-state education programs.

5.22 NOTICE OF GENDER AFFIRMATION LIMITATIONS UNDER NORTH DAKOTA LAW

Although gender affirmation benefits and services are available as Covered Services to Members under this Benefit Plan, North Dakota law prohibits Health Care Providers from providing certain gender affirmation services, including transgender surgeries and hormone therapies, to Members under the age of 18 in the state of North Dakota.

5.23 ADDITIONAL PROGRAMS

To improve the wellbeing of Members, BCBSND may offer additional health, wellness and comprehensive medication management programs. These programs are subject to change or may be discontinued at any time as needs and conditions change. The vendors that offer the health, wellness and comprehensive medication management programs are solely responsible for the services received.

Participation in these programs is optional. BCBSND recommends Members discuss participation with their Health Care Provider. Members are under no obligation to participate or continue to participate in these programs. Members may discontinue participation at any time for any reason.

Please visit www.BCBSND.com and log in for Member specific information about available programs or contact Member Services at the address or telephone number on the back of your Identification Card.

SECTION 6

A Member may submit a Claim for Benefits by contacting BCBSND at the telephone number or address listed on the back of the Identification Card. The Member is responsible for providing BCBSND with a Claim for Benefits within 18 months after the date the benefits or services offered under this Benefit Plan were incurred. A Claim for Benefits must include the information necessary for BCBSND to determine benefits or services.

The Member may designate an Authorized Representative to pursue a Claim for Benefits or appeal an adverse determination from a Claim for Benefits. The designation of an Authorized Representative is limited in scope and not an assignment of benefits. It does not grant the Authorized Representative any of the Member's rights and privileges under the terms of this Benefit Plan. See Section 3, Authorizations.

6.1 CLAIMS FOR BENEFITS INVOLVING PRIOR AUTHORIZATION (PRESERVICE CLAIMS FOR BENEFITS)

A. Claims for Benefits Requiring Prior Authorization.

1. Non Urgent Claims for Benefits Requiring Prior Authorization. Upon receipt of a Claim for Benefits under the Benefit Plan from a Member and/or a Member's Authorized Representative that is conditioned on a Member obtaining approval in advance of obtaining the benefit or service, BCBSND will notify the Member and/or the Member's Authorized Representative of its determination no later than 7 days from receiving the Claim for Benefits. BCBSND may extend this initial time period an additional 15 days if BCBSND is unable to make a determination due to circumstances beyond its control after giving the Member and/or the Member's Authorized Representative notice of the need for additional time prior to the expiration of the initial 7 day time period.

   If the Member and/or the Member's Authorized Representative improperly submits a Claim for Benefits, BCBSND will notify the Member and/or the Member's Authorized Representative as soon as possible but no later than 5 days after receipt of the Claim for Benefits and provide the Member and/or the Member's Authorized Representative with the proper procedures to be followed when filing a Claim for Benefits. A request for external review is available only for determinations by BCBSND that are adverse to the Member and based on medical necessity and appropriateness (including a determination that a treatment or service is investigative and/or experimental), health care setting, level of care, or effectiveness of a Covered Service, a rescission or BCBSND's administration of the excess charge protections as outlined in Section **[**1.3**]**, Selecting a Health Care Provider. This request for external review must be submitted to BCBSND within four months following BCBSND's final determination pursuant to the internal Claims for Benefits and Appeals process (Section **[**6.1 and/or 6.2**]**.

   A Member and/or a Member's Authorized Representative must adhere to the BCBSND internal Claims for Benefits and Appeals process (Section **[**6.1 and/or 6.2**]** before requesting an external review under this provision unless BCBSND waives this requirement, BCBSND fails to comply with its internal Claims for Benefits and Appeals process (Section **[**6.1 and/or 6.2**]** and this noncompliance causes, or is likely to cause, prejudice or harm to the Member, or the Member and/or a Member's Authorized Representative requests an expedited internal Claims for Benefits and Appeals review and an external Claims for Benefits and Appeals review at the same time.

   In pursuing any external review under this provision, no additional costs will be incurred by the Member, or the Member's Authorized Representative. 2. Preliminary Review by BCBSND. Within 5 business days following receipt of a Member's and/or a Member's Authorized Representative's request for external review, BCBSND must complete a preliminary review of the request. This preliminary review is used to determine whether the claimant is or was eligible for coverage under this Benefit Plan at the time the service or procedure was requested; the Member and/or a Member's Authorized Representative has completed the applicable internal Claims for Benefits and Appeals requirements set forth in Section **[**6.1 and/or 6.2**]** of this Benefit Plan, and the Member and/or the Member's Authorized Representative has submitted all information necessary to process the external review. If the request for external review is incomplete, within 1 business day BCBSND must provide notice to the Member and/or the Member's Authorized Representative describing the information and other materials needed to complete the request. The Member and/or the Member's Authorized Representative must submit the information described in the notice provided by BCBSND no later than four months following BCBSND's final determination pursuant to the internal Claims for Benefits and Appeals process or within 48 hours following receipt of this notice from BCBSND, whichever is later.

   a. If the request for external review submitted by the Member and/or the Member's Authorized Representative is complete but the Member is not eligible for the external review process, within 1 business day of making the determination that the Member is not eligible for the external review process, BCBSND shall provide notification of this fact to the Member and/or the Member's Authorized Representative, including the reasons for the Member's ineligibility. 3. Referral of External Review to Independent Review Organization (IRO). Upon referral of the Member's and/or the Member's Authorized Representative's request for external review to the IRO, the following process shall be implemented.

a. BCBSND shall notify the Member and/or the Member's Authorized Representative in a timely manner and in writing of the assignment of the Member's and/or the Member's Authorized Representative's request for external review to the IRO. BCBSND shall notify the Member and/or the Member's Authorized Representative that the Member and/or the Member's Authorized Representative has up to 5 business days following this written notice to submit any additional information the Member and/or the Member's Authorized Representative wants the IRO to consider when completing the external review.

c. Should the Member and/or the Member's Authorized Representative submit additional information to the IRO, the IRO must forward this information to BCBSND within 1 business day. Upon receipt of this information, in its discretion, BCBSND may reconsider its initial Claims for Benefits determination that is the subject of the request for external review and determine to reverse its initial determination. Upon any review completed under these circumstances, BCBSND must notify the DOI, the IRO and the Member and/or the Member's Authorized Representative of its determination and the IRO must terminate the external review assigned by the DOI.

d. The IRO shall review all of the information and documents submitted to it in a timely manner in completing its external review. The assigned IRO shall complete its review and provide notice of its final determination to the Member and/or the Member's Authorized Representative, the DOI and BCBSND within 45 days after the IRO receives its assignment of the request for external review from the DOI. The determination of the IRO is final and binding on the Member and BCBSND, subject to any other remedies available under state or federal law.

1. Request for Expedited External Review. Under certain circumstances a Member and/or a Member's Authorized Representative may request an expedited external review by submitting a request to BCBSND Member Services at the telephone number or address on the back of the Identification Card. At the time the Member and/or the Member's Authorized Representative makes a request for expedited external review, the internal Claims for Benefits determination completed by BCBSND must involve a medical condition of the Member where the timeframe for completing a standard internal appeal would seriously jeopardize the life or health of the Member or would jeopardize the Member's ability to regain maximum function and the Member and/or the Member's Authorized Representative submitted a request for an expedited internal appeal with BCBSND; or the internal Claims for Benefits determination completed upon appeal by BCBSND involves a Member's medical condition where the timeframe for completing a standard external review would seriously jeopardize the life or health of the Member, would jeopardize the Member's ability to regain maximum function, or if the internal Claims for Benefits determination completed upon appeal by BCBSND involves an admission, availability of care, continued stay, or

health care item or service for which the Member received Emergency Services but has not been discharged from a health care facility. This request for expedited external review must be submitted to BCBSND within four months following BCBSND's final determination pursuant to the internal Claims for Benefits and Appeals process (Section **[**6.1 and/or 6.2)**]**.

A Member and/or a Member's Authorized Representative must adhere to the BCBSND internal Claims for Benefits and Appeals process (Section **[**6.1 and/or 6.2)**]** before requesting an external review under this provision unless BCBSND waives this requirement, BCBSND fails to comply with its internal Claims for Benefits and Appeals process (Section **[**6.1 and/or 6.2)**]** and this noncompliance causes, or is likely to cause, prejudice or harm to the Member, or the Member and/or the Member's Authorized Representative requests an expedited internal appeal and an external review at the same time.

In pursuing any external review under this provision, no additional costs will be incurred by the Member, the Member and/or the Member's Authorized Representative shall have the opportunity to submit additional information, and as appropriate under the terms of this Benefit Plan, the Member's coverage will remain in effect pending the outcome of the external review process.

2. Preliminary Review by BCBSND. Immediately following receipt of a Member's and/or the Member's Authorized Representative's request for expedited external review, BCBSND must complete a preliminary review of the request. This preliminary review is used to determine whether the claimant is or was eligible for coverage under this Benefit Plan at the time the service or procedure was requested; the Member and/or the Member's Authorized Representative has completed the applicable internal Claims for Benefits and Appeals as requested, and the Member and/or the Member's Authorized Representative has submitted all information necessary to process the expedited external review. If the Member's and/or the Member's Authorized Representative's request for expedited external review is incomplete, BCBSND must immediately provide notice to the Member and/or the Member's Authorized Representative describing the information and other materials needed to complete the request. The Member and/or the Member's Authorized Representative must submit the information described in the notice provided by BCBSND no later than four months following BCBSND's final determination pursuant to the internal Claims for Benefits and Appeals process or within 48 hours following receipt of this notice from BCBSND, whichever is later.

    a. If the request for expedited external review submitted by the Member and/or the Member's Authorized Representative is complete but the Member is not eligible for the expedited external review process, immediately after making its determination that the Member is not eligible for the expedited external review process, BCBSND shall provide notification of this fact to the Member and/or the Member's Authorized Representative, including the reasons for the Member's ineligibility.     b. If the request for expedited external review submitted by the Member and/or the Member's Authorized Representative is complete and meets the eligibility requirements for expedited external review, BCBSND shall immediately notify the Member and/or the Member's Authorized Representative of this fact and thereafter, shall immediately refer the eligible request for external review from the Member or the Member's Authorized Representative to an IRO under contract with the DOI on a random, rotating basis and in a manner that eliminates any conflicts of interest with the IRO that may influence the determination by the IRO.

3. Referral of Expedited External Review to Independent Review Organization (IRO). Upon referral of the Member's and/or the Member's Authorized Representative's request for expedited external review to the IRO, the following process shall be implemented.

    a. The DOI shall immediately provide BCBSND with the contact information regarding the assigned IRO, and BCBSND shall provide or transmit to the assigned IRO electronically, by

telephone, facsimile or any other expeditious method available, all necessary documents and any information considered in the internal Claims for Benefits determination completed by BCBSND.

b. The IRO shall review all of the information and documents submitted to it in a timely manner in completing its expedited external review. The assigned IRO shall complete its review and provide notice of its final determination to the Member and/or the Member's Authorized Representative, the DOI and BCBSND as expeditiously as the Member's medical condition or circumstance require, but in no event more than 72 hours after the IRO receives the request for expedited external review from the DOI. If this notice is not in writing, written confirmation of the determination must be provided within 48 hours. The determination of the IRO is final and binding on the Member and BCBSND, subject to any other remedies available under state or federal law.

6.4 GRIEVANCES

In certain situations, a Member and/or the Member's Authorized Representative may file a grievance with BCBSND. A "grievance" is a written or oral complaint, if the complaint is submitted by or on behalf of a Member and/or the Member's Authorized Representative, that involves one of the following:

A. Quality of Care Grievance - a complaint related to the quality of health care services provided by a Health Care Provider;

B. Quality of Service Grievance - a complaint related to the non-clinical services received by a Member that may include but are not limited to complaints regarding access to care, waiting times, claims payment or reimbursement for health care services; or

SECTION 7
OTHER PARTY LIABILITY

This section describes BCBSND's Other Party Liability programs and coordinating benefits and services when a Member has other health care coverage available, and outlines the Member's responsibilities under these programs. BCBSND shall determine the interpretation and application of the following Other Party Liability provisions in each and every situation.

7.1 COORDINATION OF BENEFITS

This provision applies when a Member is enrolled under another plan (defined below), whether insured or self-funded, with a similar coordination of benefits provision. If the sum of benefits payable under this Benefit Plan and the other plan exceed the total allowable expense for Covered Services, the benefits payable under this Benefit Plan will be reduced so the sum of benefits payable under all plans does not exceed 100% of the total allowable expense for Covered Services.

For the purposes of this coordination of benefits provision, the following definitions apply:

"Allowable expense" means a health care expense, including deductibles, coinsurance and copayments (if required as part of a plan), that is covered at least in part by any plan covering a Member. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense not covered by any plan covering a Member is not an allowable expense. In addition, any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an allowable expense. The following are examples of expenses that are not allowable expenses:

(1) The difference between the cost of a semiprivate hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.

(2) If a Member is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.

(3) If a Member is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.

(4) If a Member is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different from the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.

(5) The amount of any benefit reduction by the primary plan because a Member has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, prior authorization of admissions, and preferred provider arrangements.

"Closed panel plan" means a plan that provides health care benefits to Members primarily in the form of services through a panel of health care providers that have contracted with or are employed by the plan, and that excludes coverage for services provided by other health care providers, except in cases of emergency or referral by a panel member.

"Custodial parent" means the parent awarded physical custody by a court order or, in the absence of a court order, the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

"Plan" includes any of the following that provides benefits or services for medical or dental care or treatment: group and nongroup insurance contracts, health maintenance organization contracts, closed panel plans or other forms of group or group-type coverage; medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal government plan, as permitted by law. A "plan" does not include any of the following: hospital indemnity coverage or other fixed indemnity coverage; accident-only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident-type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

A. Order of Benefits Determination Rules. The order of benefits determination rules govern the order in which this Benefit Plan and another plan will pay benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The secondary plan may reduce the benefits it pays so that the benefits payable under all plans do not total more than 100% of the total allowable expense for Covered Services.

   A plan that does not contain a coordination of benefits provision that is consistent with this Benefit Plan's provision is always primary unless the rules of both plans state that this Benefit Plan is primary. An exception exists for coverage that is obtained by virtue of membership in a group that is designed to supplement part of a basic package of benefits and provides that the supplementary coverage shall be excess to any other parts of the plan provided by the policyholder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

   If a Claim for Benefits or any other request for reimbursement is submitted under this Benefit Plan the order of payment will be the first of the following rules that apply:

   1. Nondependent or dependent. The plan that covers the person other than as a dependent, for example as an employee, member, subscriber, policyholder or retiree, is the primary plan and the plan that covers the person as a dependent is the secondary plan.

      However, if the person is a Medicare beneficiary, and, as a result of the provisions of Title XVIII of the Social Security Act and implementing regulations, Medicare is:

      a. Secondary to the plan covering the person as a dependent; and

      b. Primary to the plan covering the person as other than a dependent (e.g., a retired employee).

      Then the order of benefits is reversed so that the plan covering the person as an employee, member, subscriber, policyholder or retiree is the secondary plan and the other plan covering the person as a dependent is the primary plan.

   2. Dependent child covered under more than one plan. Unless there is a court order stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

      a. For a dependent child whose parents are married or are living together, whether or not they have ever been married:

         (1) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or

         (2) If both parents have the same birthday, the plan that has covered the parent longest is the primary plan.

b. For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

(1) If a court order states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This paragraph shall not apply with respect to any plan year during which Covered Services are paid or provided before the entity has actual knowledge of the court order provision. A copy of the court order must be provided to BCBSND upon request;

(2) If a court order states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Section **[**7.1(A.)(2.)(a.)**]** shall determine the order of benefits;

(3) If a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Section **[**7.1(A.)(2.)(a.)**]** shall determine the order of benefits; or

(4) If there is no court order allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

a. The plan covering the custodial parent;

b. The plan covering the custodial parent's spouse;

c. The plan covering the non-custodial parent; and then

d. The plan covering the non-custodial parent's spouse.

c. For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under Section **[**7.1(A.)(2.)(a.)**]** or Section **[**7.1(A.)(2.)(b.)**]** as if those individuals were parents of the child.

3. Active employee or retired or laid-off employee. The plan that covers a person as an active employee that is, an employee who is neither laid off nor retired, or as a dependent of an active employee is the primary plan. The plan covering that same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee is the secondary plan.

   If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. Also, this rule does not apply if the rule in Section **[**7.1(A.)(1.)**]** can determine the order of benefits.

4. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber, policyholder or retiree or covering the person as a dependent of an employee, member, subscriber, policyholder or retiree is the primary plan and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.

   If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. Also, this rule does not apply if the rule in Section **[**7.1(A.)(1.)**]** can determine the order of benefits.

5. Longer or shorter length of coverage. If the preceding rules do not determine the order of benefits, the plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.

To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within 24 hours after coverage under the first plan ended.

The start of a new plan does not include:

a. A change in the amount or scope of a plan's benefits;

b. A change in the entity that pays, provides or administers the plan's benefits; or

c. A change from one type of plan to another, such as from a single employer plan to a multiple employer plan.

The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group must be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

6. If none of the preceding rules determines the order of benefits, the allowable expenses shall be shared equally between the plans.

B. If it is determined this Benefit Plan is secondary, the benefits of this Benefit Plan will be reduced so that the total benefits paid or provided by all plans during a Benefit Period are not more than the total allowable expenses. In determining the amount to be paid for any claim, this Benefit Plan will calculate the benefits it would have paid in the absence of coverage under another plan and apply that calculated amount to the allowable expense under this Benefit Plan that is unpaid by the primary plan. The benefits of this Benefit Plan will then be reduced so that they and the benefits payable under the other plans for the claim do not total more than 100% of the total allowable expense for that claim. When the benefits of this Benefit Plan are reduced as described in this subsection, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Plan. In addition, if this Benefit Plan has a deductible and/or coinsurance, the deductible and/or coinsurance will be credited with any amounts that would have been credited in the absence of the other plan.

The ultimate responsibility of BCBSND for payment of Covered Services will never exceed the amount payable in the absence of other coverage.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to administer this coordination of benefits provision and to determine benefits payable under this Benefit Plan and other plans. BCBSND may obtain the facts it needs from or give them to other organizations or persons for the purpose of administering this provision. BCBSND need not tell, or obtain the consent of, any person to do this. Each Member claiming benefits under this Benefit Plan must provide BCBSND with any facts it needs to administer this provision and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another plan may include an amount that should have been paid under this Benefit Plan. If it does, BCBSND may pay that amount to the organization that made the payment. The amount will then be treated as though it were a benefit paid under this Benefit Plan. BCBSND will not have to pay that amount again.

RIGHT OF RECOVERY

If payments have been made by BCBSND for Covered Services in excess of the amount payable under this Benefit Plan, BCBSND may recover the excess from any persons to or for whom such payments were made, including any Member, provider or other organization. The Member agrees to execute and deliver any documentation requested by BCBSND to recover excess payments.

This provision is administered in accordance with the Coordination of Benefits Regulation adopted by the North Dakota Insurance Commissioner.

7.2 AUTOMOBILE NO-FAULT OR MEDICAL PAYMENT BENEFIT COORDINATION

If a Member is eligible for basic automobile no-fault benefits or other automobile medical payment benefits as the result of accidental bodily injury arising out of the operation, maintenance or use of a motor vehicle, the benefits available under this Benefit Plan will be reduced by and coordinated with the basic automobile no-fault benefits or other automobile medical payment benefits.

7.3 MEDICAL PAYMENT BENEFIT COORDINATION

If a Member is eligible for medical payment benefits provided by any other collectible insurance as a result of an injury, the benefits available under this Benefit Plan will be reduced by and coordinated with the medical payment benefits provided by any other collectible insurance not prohibited from coordination of benefits.

7.4 RIGHTS OF SUBROGATION, REIMBURSEMENT AND ASSIGNMENT

If BCBSND pays benefits for Covered Services to or for a Member for any injury or condition caused or contributed to by the act or omission of any third party, BCBSND shall have certain rights of assignment, subrogation and/or reimbursement as set forth below. BCBSND has full discretionary authority to determine whether to exercise any or all of said rights.

A Member must notify BCBSND of the circumstances of the injury or condition, cooperate with BCBSND in doing whatever is necessary to enable BCBSND to assert these rights, and do nothing to prejudice them. The rights stated herein apply automatically in any applicable situation. BCBSND has no obligation to notify a Member of BCBSND's intent to exercise one or more of these rights and BCBSND's failure to provide such a notice shall not constitute a waiver of these rights.

If a Member does not comply with these provisions or otherwise prejudices the rights of BCBSND to assignment, subrogation or reimbursement, BCBSND shall have full discretion to withhold payment of any future benefits to or for the Member and to off set the benefits already paid to or for the Member against the payment of any future benefits to or for the Member regardless of whether or not said future benefits are related to the injury or condition.

A. Right of Assignment and/or Subrogation: If a Member fails to bring a claim against a third party (including any person, firm or corporation which may be liable for or on behalf of the third party), BCBSND has the right to bring said claim as the assignee and/or subrogee of the Member and to recover any benefits paid under this Benefit Plan.

B. Right of Reimbursement: If a Member makes any recovery from a third party (including any person, firm or corporation which may be liable for or on behalf of the third party), whether by judgment, settlement or otherwise, the Member must notify BCBSND of said recovery and must reimburse BCBSND to the full extent of any benefits paid by BCBSND, not to exceed the amount of the recovery. This right of reimbursement shall apply to any such recovery to the extent of any benefits paid under this Benefit Plan even if the Member has not received full compensation for the injury or condition. Any recovery the Member may obtain is conclusively presumed to be for the reimbursement of benefits paid by BCBSND until BCBSND has been fully reimbursed.

The Member agrees to not transfer any right to any recovery to a third party or otherwise attempt to avoid BCBSND's rights under this Benefit Plan. The Member agrees that any recovery shall be held in trust for BCBSND until BCBSND has been fully reimbursed and/or that BCBSND shall have a lien on any recovery to the full extent of any benefits paid under this Benefit Plan. The Member agrees that to enforce its rights under this section, BCBSND may pursue any and all remedies, legal or equitable, available under state or federal law, Including subrogation, breach of contract, constructive trust, equitable lien, injunction, restitution and any other remedies.

7.5 WORKERS' COMPENSATION

If benefits or compensation are available, in whole or in part, under provisions of a state workers' compensation act, laws of the United States or any state or political subdivision thereof, the benefits under this Benefit Plan will be reduced by and coordinated with such other benefits or compensation available to a Member.

If a Member is injured or suffers any condition caused or contributed to by the Member's employment, the Member must notify BCBSND of the circumstances of the injury and condition, cooperate with BCBSND and the United States or any state or political subdivision thereof in doing whatever is necessary to determine the availability of such benefits or compensation, and do nothing to prejudice them.

In the event of the failure of a Member to comply with this provision or if a Member prejudices that Member's right or entitlement to benefits or compensation available under such a program, BCBSND shall have full discretion to withhold payment of any future benefits to or for the Member and to off set the benefits already paid to or for the Member against the payment of any future benefits to or for the Member regardless of whether or not said future benefits are related to the injury or condition.

   When a Member receives Covered Services from a Nonparticipating Health Care Provider for which the Member must be protected from excess charges, BCBSND shall calculate Coinsurance Amounts on behalf of Members obtaining Covered Services on the lesser of (1) billed charges or (2) the payment amount required by federal law. See Section **[**1.3**]**, Selecting a Health Care Provider.

   If Covered Services are obtained by a Member out of the BCBSND service area, the local Blue Cross Blue Shield Plan's (Host Plan) provider contract may require coinsurance calculation that is not based on the discounted price the Health Care Provider has agreed to accept from the Host Plan. Rather, it may be based on the Health Care Provider's billed charges. This may result in a significantly higher Coinsurance Amount for certain services a Member incurs out of the BCBSND service area. It is not possible to provide specific information for each out-of-area Health Care Provider because of the many different arrangements between Host Plans and Health Care Providers. However, if a Member contacts BCBSND prior to incurring out-of-area services, BCBSND may be able to provide information regarding specific Health Care Providers.

The Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period.

The Out-of-Pocket Maximum Amounts for Covered Services received from a PPO Health Care Provider or on a Basic Plan basis accumulate jointly up to the PPO Out-of-Pocket Maximum Amount. When the PPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from a PPO Health Care Provider will be paid at 100% of Allowed Charge.
