

Regence 2022 Annual Overview

Regence

UTAH

At Regence BlueCross BlueShield of Utah, we aim to make the health care experience simpler, better and more affordable.

To advance this goal, we offer the largest choice among provider networks in Utah. Our comprehensive network options feature all hospital systems and a growing number of physicians and health care professionals statewide.

Additionally, BlueCard® provides access to quality care while our members are out of the state or abroad. That's one reason one in three Americans choose Blue Cross Blue Shield.

We're also focused on making it easier to get help for mental health issues. We added more specialists to our networks, enable more affordable virtual care and offer self-guided care options. All members can use our innovative digital tools to locate providers and better navigate their health care experiences.
