

Regence

OREGON

Regence 2025 Annual Overview

A message from Michael Cole

For more than 80 years, Regence has been proud to call Oregon home, building a legacy of service and innovation that continues to guide us today. We remain steadfast in our commitment to transforming health care for the communities we serve.

Affordability continues to be our top priority. We've implemented innovative programs and partnerships that help control costs while maintaining the quality care our members deserve. Our dedication to exceptional service has never been stronger. Whether supporting individual members navigating their benefits or partnering with employers to design comprehensive health solutions, we've worked tirelessly to be responsive and reliable.

We recognize health care is deeply intertwined with our community's social and economic fabric. We continue to forge new partnerships addressing health equity and social determinants of health. We're committed to supporting programs that create lasting impact in underserved communities.

The challenges ahead are significant, but so is our resolve. Together with our members, employer partners, providers and communities, we're building a health care system that's more affordable, accessible and equitable for everyone. Thank you for trusting us with your health care needs. We look forward to serving you in the coming year.

“ We remain steadfast in our commitment to transforming health care for the communities we serve. ”

Keeping our communities healthy

Together with our employees and corporate foundation, we're committed to investing in the communities we serve. In the past year, we focused our corporate giving in the areas of resilient children and families, healthy and connected aging, and the health care workforce.
