

Asuris 2024 Annual Overview

A message from Stacy Crim

When Asuris Northwest Health was founded, we made a commitment to work every single day to meet the unique health needs of Eastern Washington families and employers. More than 90 years later, our commitment hasn't changed: We're here to keep health care accessible, affordable and effective for our members and the communities we serve.

Our long history in Eastern Washington isn't just about our mission. It's also about financial stability and cost stewardship. We connect our members to high-value care that is appropriate for their health needs, and we protect members from unsustainable cost-of-care increases from providers and prescription drug companies.

Through our employees and our charitable foundation, we contributed to nonprofit organizations in Eastern Washington that are building resilient children and families, nurturing a stronger health care workforce, and supporting healthy and connected aging for older adults.

We're passionate about our members and our communities. Thank you for choosing Asuris as your health plan partner.

Stacy Crim

Vice President

Asuris Northwest Health

2024 in numbers

91 years

serving Eastern and Central Washington

33,884

people served

10,972

in-network providers

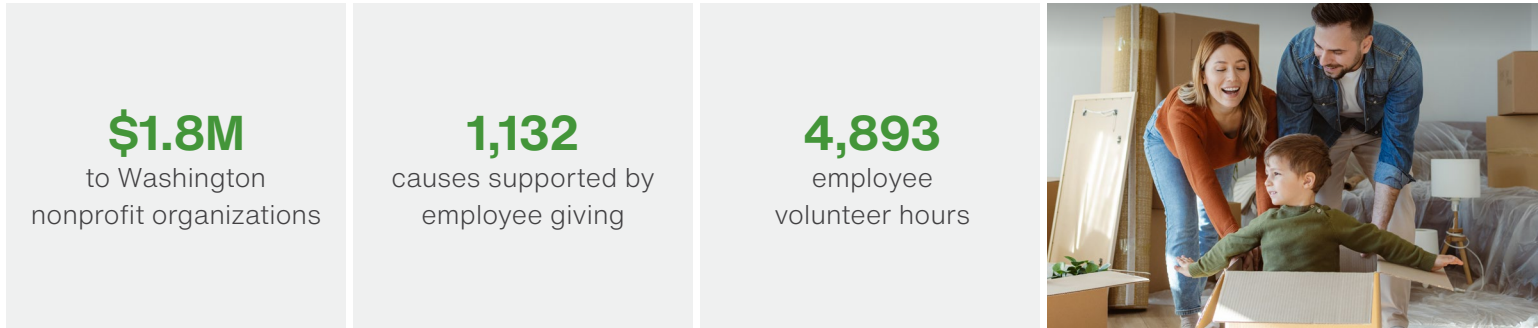

287

in-network facilities

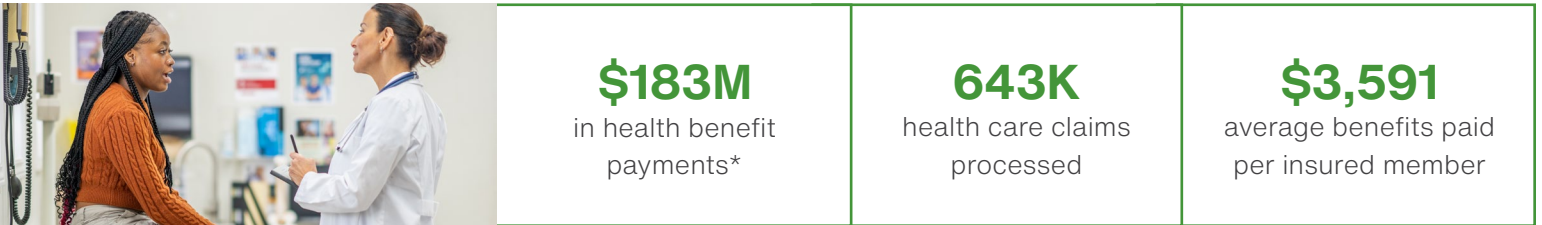

Investing in our communities

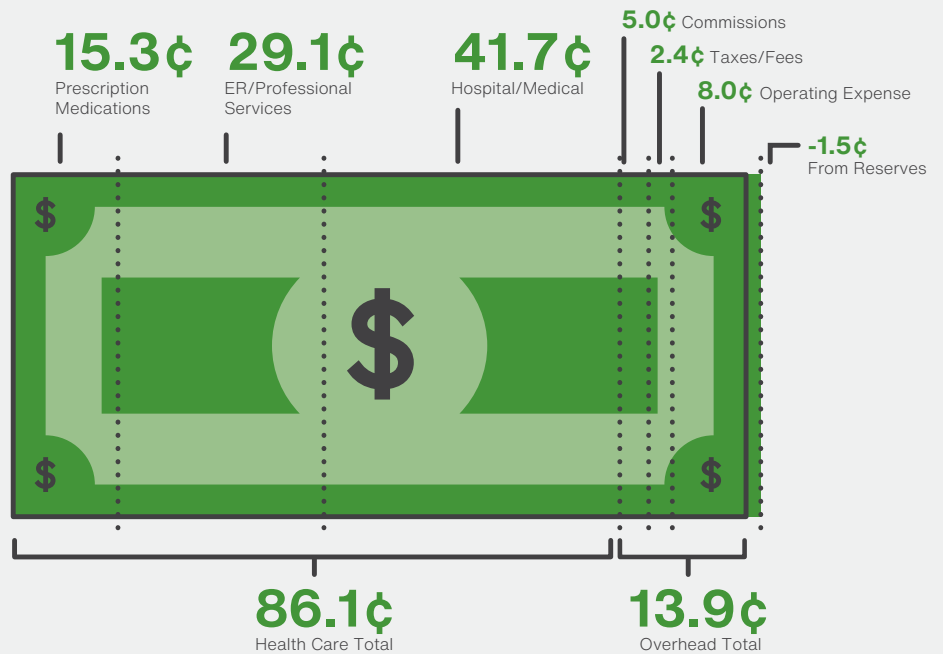

Together with our employees, affiliated Washington health plan and corporate foundation, we're committed to investing in the communities we serve. In the past year, we focused our corporate giving in the areas of resilient children and families, healthy and connected aging, and the health care workforce.
