IDAHO

STOP-LOSS INSURANCE

Regence BlueShield of Idaho

Protect your company's bottom line with Regence

Self-insured employers and plan sponsors know that balancing employee health benefits with the fitness of their bottom lines isn't easy. That's why partnering with stop-loss veterans who have a strong market focus is key to business success.

With over 35 years in the stop-loss industry, Regence BlueShield of Idaho is a well-capitalized carrier skilled at managing volatility—and, ultimately, your cash flow. Our company's "A-" rating from A.M. Best is a testament to our financial strength and means we'll be there for you when you need us most.

How Regence stop-loss insurance stands apart

Rising health care costs are a reality, making unexpected or catastrophic claims even more detrimental to your bottom line. While we've built our stop-loss plans on Regence's broad BlueCard® network with deep negotiated discounts, there are other things we're doing to optimize cost control for you, including:

Seamless and instantaneous reimbursements

When claims are processed, we automatically pay the balance above the specific deductible.

Guaranteed renewals

We'll never non-renew a policy because of a poor claims experience.

Complete plan mirroring with no exceptions

We'll never disagree on payment qualification, which means no legal disputes and uninsured claims.

No lasering at renewal

On renewals, we won't add new lasers or increase existing ones. And, if you prefer, we can provide a laser option.

Flexible offerings to fit your risk tolerance level

Rate caps and experience refund arrangements are available.

Superior underwriting results

We have over 90% persistency, below-market renewal increases and a long-term pricing approach that mitigates year-over-year rate volatility.
