

# Save and stay healthy: Two options for home delivery medications

## Choose Amazon Pharmacy or Express Scripts Pharmacy

In today's convenience-driven world, many employees want prescriptions delivered right to their door. It saves time and money—and makes it easier to stay healthy.

You can offer your employees Amazon Pharmacy<sup>1</sup> with access to MedsYourWay<sup>TM2</sup> or Express Scripts Pharmacy for easy home delivery of covered maintenance and preventive prescription and over-the-counter medications. With either option, your employees get:

- Free shipping
- Discreet packaging
- Up to 90-day fills at a time
- 24/7/365 access to a pharmacist
- Online medication management
- Purchases that apply to their deductible and out-of-pocket max
- Ability to use health savings account dollars
- Coordination between the home-delivery vendor and Asuris

Amazon Pharmacy<sup>1</sup> with access to MedsYourWay<sup>2</sup> also offers your employees these extras:

- Built-in discount pricing that automatically surfaces the lowest price during checkout
- 5-day shipping; 2-day for Amazon Prime members
- Medication details, price comparisons, status updates and easy ordering that's just like shopping on Amazon

**Talk to your producer or Asuris sales representative today about which option will best fit you and your team.**

Each option provides savings, speed and convenience—all with your employees' better health in mind.

<sup>1</sup> Amazon Pharmacy does not dispense Schedule 2 controlled substance drugs. These are drugs with a high potential for abuse.

<sup>2</sup> Administered by Inside Rx LLC. Limitations apply.
