### Verify your provider information

Providing up-to-date and accurate information about the providers in each of our networks is critical for our members to access care and a compliance requirement for the Affordable Care Act (ACA).

### Validating provider directory content

Please [follow these steps](#) to review the information about your practice every 90 days. **Please respond timely to any requests from us for verification of your directory data.**

If your clinic or facility submits provider rosters to us, please submit changes, corrections, additions or terminations immediately so we can update our directories as soon as possible. **Your roster must be validated and reviewed in its entirety at least once per quarter.**

We appreciate your assistance in keeping information about your practice up to date.
