

## Welcome to Regence BlueCross BlueShield of Oregon

Understanding your options is a vital part of accessing good care. When you enroll in a Regence BlueCross BlueShield of Oregon health plan, you'll have access to providers—physicians, other health care professionals and facilities—who offer a range of health care services, from routine and preventive care to the most specialized treatment.

### Using this Provider Directory

This directory lists providers in the **Legacy Health Partners Network** as of May 1, 2023.

The provider information contained in this directory—including credentialing, contracting status, and provider-supplied data—is continually gathered from a variety of sources, and is updated monthly. Providers' credentials are validated through a variety of national and state credentialing verification sources. The information is accurate to the extent that the sources from which it is collected are accurate.

This list of providers is current as of the date listed above but may change at any time. As a member, you can always find the most up-to-date list of providers in this network using the Find a Doctor tool on **regence.com** or by using the Regence app. You can also contact Customer Service at 1-888-675-6570 (TTY: 711) to verify a provider's status and information before making your appointment.

### Your choice drives your cost

You can save money by seeing in-network providers. To participate in our networks, providers agree to accept a discounted rate for covered services.

A provider who is out-of-network may charge you for the full price of services. It's usually much higher than the discounted rate accepted by in-network providers.

#### In-network

With Regence, you'll get the best benefit and pay the lowest out-of-pocket cost when you visit a **Legacy Health Partners Network** provider. These providers are listed in this directory.

#### Out-of-network

Any provider not in the **Legacy Health Partners Network** is considered out-of-network.

**If you visit an out-of-network provider, your out-of-pocket cost may be significantly higher.** You may also be balance-billed for the difference between the dollar amount Regence allows for a specific service (also called the allowed amount) and the amount the provider or facility charges.

## Important note about Exclusive Provider Organization (EPO) Plans

If you're enrolled in an EPO plan, keep in mind that there are *no* out-of-network benefits. You must see an in-network provider. If you see an out-of-network provider, you will receive no benefit and will be responsible for the entire cost. Please choose your providers carefully if you are enrolled in an EPO plan.

## Finding information on regence.com

When you create your member account at **regence.com** or use the Regence app, you can use the Find a Doctor tool to find the most up-to-date list of providers in the **Legacy Health Partners Network**.

The Find a Doctor tool allows you to sort, filter and refine provider search results based on network, provider rating, location, hours of operation or other attributes that are important to you.

A Regence member account also allows you to see claims information, estimate treatment and prescription drug costs, access well-being programs, save money and make the most of your benefits.

## Know your care options

When you create your member account at **regence.com** or use the Regence app, you can use the Find a Doctor tool or call Customer Service at 1-888-675-6570 (TTY: 711) to find providers based on your preferences for race, gender and whether they provide LGBTQ+-affirming care or have competence in behavioral health and/or transgender medicine.

You can also find care options that can be used when your provider's office is closed or as an alternative to an emergency room visit for non-acute or life-threatening conditions. These options include virtual (telehealth) medical and behavioral health providers, urgent care clinics and in-home care (depending on your location). We encourage you to login to your account so that you know where to go before needing care.

## Receiving care away from home

Depending on your plan, you and your covered family members may have access to health care across the country through the BlueCard® Program. BlueCard providers will bill the local Blue Cross and/or Blue Shield Plan for you. You can find BlueCard providers by visiting **bcbs.com** or calling 1 (800) 810-BLUE.

## Using your member card

Once you receive your member ID card, remember to bring it each time you visit a provider or hospital. This gives providers the information they need to bill us correctly. Showing your member ID card is equally important when you visit an in-network or out-of-network provider.

## Submitting claims

Most of the time, you shouldn't have to submit a claim. But if you need to (for example, if your plan offers out-of-network benefits and you see an out-of-network provider), you can download a *Member Reimbursement Claim Form* from **regence.com** and send it to:

Regence BlueCross BlueShield of Oregon  
Attn: Claims Services  
P.O. Box 1106  
Lewiston, ID 83501

## More information

For details about your benefits—including coverage levels, limitations and exclusions—please see your benefits booklet or view your benefits information on **regence.com** or the Regence app after enrolling. You may also contact Customer Service at 1-888-675-6570 (TTY: 711) for support.

## Questions?

If you have questions about:

- Status of a particular provider or facility
- Discrepancies in this printed directory or in our online Find a Doctor tool
- Your coverage, claims or enrollment

Please call Customer Service at 1-888-675-6570 (TTY: 711) or send an email to **info@regence.com**.
