

Asuris 2025 Annual Overview

A message from Michael Cole

At Asuris Northwest Health, we are committed to improving the health of the members and communities we serve. We were founded more than 90 years ago and are passionate about transforming health care for the families and employers that make Eastern Washington such a special place to live and work.

Health care is expensive, and the health care system can be difficult to navigate. We are proud to act as a guide and advocate for our members, to make health care more affordable, accessible and effective, and to improve our members' health care experience.

At Asuris, we believe mental health is deeply intertwined with overall health and have added thousands of new behavioral health providers to our Washington network so our members can receive the care they need when they need it.

Through our employees and our charitable foundation, we contributed in 2025 to nonprofit organizations that are working to address our state's greatest needs, like expanding the behavioral health workforce, building resilience among children and families, and supporting people as they age.

Thank you for trusting us to be your health care partner, and we look forward to serving you in the coming year.

“ We are proud to act as a guide
and advocate for our members ”

A handwritten signature in black ink that reads "Michael Cole". The signature is stylized, with the first letters of the first and last names being larger and more prominent.

Keeping our communities healthy

Together with our employees, affiliated Washington health plans and corporate foundation, we're committed to investing in the communities we serve. In the past year, we focused our corporate giving in the areas of resilient children and families, healthy and connected aging and the health care workforce.
