

dispatchhealth®

Bringing the power of the hospital to the comfort of home™

DispatchHealth® can help your moderate- to high-risk patients by bringing urgent medical care to the comfort of their homes. Whether it is after hours, on weekends or holidays, or during times of high patient volume, you can rely on DispatchHealth to help you deliver care.

DispatchHealth is in-network with Asuris Northwest Health.

How we can help

DispatchHealth works as an extension of your medical team to help you:

- Extend your care after-hours, on weekends or holidays, or during capacity constraints.
- Improve health outcomes and patient experience.
- Gain valuable insight into social determinants of health.
- Reduce non-emergent ER usage, hospital admissions, and readmissions.
- Reduce overall healthcare costs.

DispatchHealth sends detailed notes to your inbox about the outcomes of the visit and directs patients back to you for follow-up care.
