

FULLY INSURED 51+

## Bringing value to your whole team

You make a lot of decisions, and one of the most important is choosing the right health plans for your employees. We make this decision easy—by delivering the best health care experience possible.

**With Asuris, your employees get the coverage they need, the way they want it.**

### What you get:

**A range of plan options** Asuris Employee Select<sup>SM</sup> lets employees pick from up to five plans, making it perfect for teams with a range of benefit needs.

**Assistance that's local** Our in-state team is here to offer personalized support. Customer service is available over the phone or via chat messaging on our website or app.

**Putting ethics into action** Our commitment to diversity has been recognized through our parent company, with honors including World's Most Ethical Companies<sup>®1</sup>, Best Places to Work for LGBTQ Equality,<sup>2</sup> Military Friendly<sup>®</sup> Employer,<sup>3</sup> Best Employer for Women<sup>4</sup> and Top 1,000 Companies Worldwide for Millennial Women.<sup>5</sup>

### What your employees get:

**Care offered virtually** If a traditional visit isn't convenient or necessary, employees can use Doctor On Demand\*, which connects them to physicians and behavioral health specialists over video or phone. Choose a Value Saver plan for unlimited virtual visits with a \$0 copay, including nurse triage and primary care.

**Help with behavioral health** In addition to in-person visits, employees can get the behavioral health support they need through video visits via Doctor On Demand\* or MDLIVE\*\* as well as the myStrength platform.

**Expansive care networks** With access to our broad network plus MultiPlan and PHCS, employees can choose from nearly a million providers nationwide for affordable care.

#### Many pharmacies to choose from

Our network includes convenient home-delivery options: Express Scripts and Amazon Pharmacy (including PillPack). Plus, it offers access to 65,000 pharmacies across the country including Walgreens, Albertsons, Kroger and Rite Aid.

**Discounts on health-related services** Asuris Advantages discounts apply to many health and wellness products, LASIK surgery, hearing aids, fitness devices, gym memberships, ped care and more. Plus, enjoy savings of 20% on Walgreens over-the-counter health and wellness products.

**A simple way to compare medications** At [asuris.com](https://asuris.com) or on the Asuris app, employees can compare medication safety, side effects, effectiveness and costs to make informed decisions for the whole family. They can also connect with a licensed pharmacist, get real-time alerts about safety, find help changing prescriptions, and set up medication home delivery. Many plans include the Optimum Value Medication List, which offers low-cost and no-cost prescriptions on select preventive medications for employees with certain chronic conditions.

**Preventive care at no cost** Coverage for in-network annual wellness visits, vaccinations, screenings and more are available at no cost to your employees.

**Talk to your sales representative about adding high-value solutions like dental, vision and EAP to give your employees total health coverage from head to toe.**
