

# LABCORP

Providing the Capabilities of a National Laboratory and the Convenience of Local Pathologists.

Effective July 1, 2016, LabCorp has been designated as Regence's Lab of Choice for pathology services.

## The Capabilities and Expertise of a National Laboratory

LabCorp's commitment to scientific leadership has made it a pioneer in commercializing new diagnostic technologies, including being the first commercial laboratory in its industry to embrace genomic testing. This culture provides physicians with access to industry-leading expertise and the latest developments in medical diagnostics, including new tests that allow for earlier detection of cancer and other diseases. Through an integrated network of world-class laboratories, LabCorp offers more than 4,000 tests ranging from routine blood analyses to reproductive genetics to companion diagnostics. LabCorp also provides a national network of more than 1700 specimen collection sites, providing convenient access to local patient service centers for specimen collection.

Working together, LabCorp and Pacific Pathology Partners are proud to provide anatomic and clinical laboratory services for your patients.

## The Convenience of Local Pathology Expertise\*

LabCorp contracts with Pacific Pathology Partners to offer pathology services. Pacific Pathology Partners is a multi-specialty pathology group, offering a full range of anatomic pathology services with board certified and subspecialty trained pathologists. The experienced medical staff is committed to providing the highest quality diagnostic expertise in the areas of:

- TISSUE BIOPSIES
- FINE NEEDLE ASPIRATION/BIOPSY INTERPRETATION
- PAP TEST INTERPRETATION
- GYNECOLOGIC PATHOLOGY
- BREAST PATHOLOGY
- CYTOPATHOLOGY
- DERMATOPATHOLOGY
- GASTROINTESTINAL PATHOLOGY
- BONE MARROW INTERPRETATION
- HEMATOPATHOLOGY
- MOLECULAR PATHOLOGY
